

Postponement of BIC code change

We refer to previous communications advising that our Bank Identification Code (BIC)/Swift Code for First Capital Bank Plc will be changing from BARCZWHX to FRCGZWHX with effect from the 17th of August 2019.

We advise that this change-over of the BIC code has been postponed due to unforeseen circumstances that are currently being addressed by the bank. During this period, our existing BIC code BARCZWHX will continue to remain valid for all remittance instructions.

We would like to reassure you that First Capital Bank remains committed to providing a high standard of service to its customers. Our branch teams and Relationship Manager's remain available should you have any queries.
